

## **no friends**

by Lewis Schofield (2004)

i have no friends  
that makes me upset  
i have no buddies yet  
it makes me feel bad

i have no friends  
no one to play  
no one to stay  
it makes me feel sad

i have no friends  
to hang out  
or to run about  
it makes me feel mad

i have no friends  
they are hard to make  
it's not easy to  
give and take

i feel like they lie  
or poke fun  
i don't want many  
i just want some

maybe just one
